## Corporate social responsibility statement

Idea Farm Ltd recognise the importance of meeting our social, economic and environmental responsibilities.

We have established, and continue to develop, a number of opportunities to succeed in these areas.

### **With regards to our social responsibility, we shall:**

- Encourage apprenticeships in our local communities
- Work with local educational institutions to provide the opportunity for students to gain experience within our industry
- Support our employees in charitable work

### **With regards to our economic responsibility, we shall:**

- Work ethically with our Clients and our supply chain
- Source locally where practicable to help support the local economy

### **With regards to our environmental responsibility, we shall:**

- Continually drive improvements in the energy performance of our business
- Seek out new and innovative ways to reduce the embodied carbon footprint of our projects
